DR. OLUGBENGA OBASANJO

DISTRICT 4/PUBLIC HEALTH

Dr. Obasanjo is still interim District Health Director in Macon District 5-2. Maybe by our next Board of Health Meeting Macon will have chosen a new Health Director.

Dr. Obasanjo talked about the flu shot. Getting it now you will still get some protection. The rapid flu tests that are being done are only 60% accurate. If you have all of the symptoms it's probably the flu. Chairman Walt McAbee asks when the best time to get a flu shot. Dr. Obasanjo states it is hard to say with the flu starting earlier and ending later. Dr. Haney stated that Facebook is posting so many negative statements about the flu shot.

Dr. Obasanjo introduced Susie Hammock our new Accreditation/Quality Improvement Coordinator for District 4. We should be accredited in the next 20 months and have a submission date in August. We will keep the board up to date on the process. Once we are accredited it is good for 5 years. In 5 years we will review and update if needed. No site visit for Re-Accreditation.

SAVE THE DATE
