ENVIRONMENTAL HEALTH

Ben provided the environmental health report. (Narrative attached)
RYAN SACCUCI
WIC

Ryan provided the WIC report. (Narrative attached)

DR. OLU GENG A OBASANJO
DISTRICT 4/PUBLIC HEALTH

An Accreditation flyer is in the packet and Dr. Obasanjo gave the board an update on Accreditation. Macon "pushed the button" for Accreditation on January 9th. Dr. Obasanjo will be able to witness Macon’s activities and share with District 4. Board members may be asked to meet with site visitors when they come to District 4. Ms. Vickers commented that District 4 has done a great job getting to this point. Mr. Blalock asked if the training for board members helped and Dr. Obasanjo replied that it does help.

Dr. Obasanjo asked Wendy LeVan to speak regarding the District call center. All calls for appointments for all District 4 clinics are routed through the District Office call center. WIC started this 5 years ago and it has been very successful. This will allow the front-line staff to provide better customer service to the client they are serving and not trying to answer the phone at the same time. The information will be advertised to educate the community. Clients will still be able to call the health department.

Also in the packets is a schedule of the Board of Health meetings for 2017.

A list of vaccines and cost that are available, and the plans that are accepted by the local Health Department is also in the packet.

Also included is a flyer for Save the Dates. January 13th, 2017 is District 4 Employee Professional Development Conference. There will be speakers and plans are made for breakout sessions. The Board members are invited and encouraged to attend.

Dr. Obasanjo made the board aware that he will continue as Interim District Health Director for the Macon district until probably June. Interviews are scheduled for April 21st.

PUBLIC COMMENTS

None

The meeting was adjourned at 12:27pm.

Briar Johnson, Vice-Chairman
