DR. OLUGENGA OBASANJO
DISTRICT 4/PUBLIC HEALTH

Dr. Obasanjo thanked Chairman McAbee and the other board members for allowing some of the district staff to attend by VICS.

Dr. Obasanjo asked Wendy LeVan to speak regarding the District call center which went into effect March 1st. Appointments for all District 4 clinics are made through the District Office call center. They have 3 current staff, 1 bilingual and 2 more to be hired. This will allow the front-line staff to provide better customer service to the client they are serving and not trying to answer the phone at the same time. Financial advisors call the client before the appointment for verification of information needed to bring for appointment.

Dr. Obasanjo talked about the HRnext system starting March 1st, 2017. This eliminated paper timesheets and leave requests allowing District 4 staff member time to focus more on payroll. This is an electronic system which keeps up with employee's time record, request for leave and auto pay. Greg Green commented on school the system having similar system and the convenience.

An Accreditation flyer is in the packet and Dr. Obasanjo provided the board with an update. By October our application for Accreditation would be officially submitted. We will be 6 months away from having our site visit.

Flyers included and briefly discussed:

- County Health Rankings & Roadmaps – Pike ranked 15th in Health Outcomes.
- Get the Facts – What Is Public Health?
- Health Department Revenue Sources Definitions

Also, is a flyer for Save the Dates:
