I hereby apply for a construction permit to install or construct an on-site wastewater management system. The system will be installed to conform to the rules and regulations of the Georgia Department of Public Health, Chapter 511-3-1. I understand that final inspection is required and will notify the County Environmental Health Department upon completion of construction and before applying final cover. Permit expires 12 months from the date of issue.

The information as furnished in this application is true, and correct to the best of my knowledge. The owner/applicant is responsible for adverse soil conditions, such as rock or water tables encountered. The grant of a permit by the County Board of Health for the installation of any on-site wastewater management system does not constitute a warranty of endorsement.
