

HEARD COUNTY HEALTH DEPARTMENT

WE INFORM, WE PREVENT, WE PROTECT!

ABOUT US

The Heard County Health Department is dedicated to protecting and improving the health and well-being of individuals and communities within our county by providing health care services, screenings, education, and immunizations for all ages. Our team includes an experienced, board-certified **Family Nurse Practitioner (FNP)** to provide the highest level of quality care.

We also help prevent disease and injury through our chronic disease prevention, WIC, environmental health, emergency preparedness, and epidemiology programs. We are one of 12 county health departments in District 4 of the Georgia Department of Public Health.

DENTAL CLINIC

Dur health department offers one of two Dental Clinics in District 4's 12-county region. Our dentist and dental hygienist provide quality, affordable dental exams, X-rays, cleanings, sealants, fillings, referrals and more.
